Importance: High

For an FYI: I have asked several times for MaryBeth Smith in David Charters office in DC to please initiate a Decision Memo for an amendment to add funding to this F&W IA. I have been trying to fund this since March. I received a notice that the Decision Memo was initiated, however nothing has ever shown up in IGMS. I have notified them several times and asked that it be resent, and I have received no answer. The last time I inquired to DC about this was last week and I still do not have an answer. I can supply the documentation of these requests if needed.

I believe Holly is with F&W. She does not have anything to do with the actual processing of an amendment for this IA. David Charters is the lead and the IA is not housed in Region 6, but is a National IA that is housed in his office in DC.

Please be aware that nothing can be processed until the Decision Memo for amendment is initiated from DC and made available in IGMS for me to add funding through an Commitment Notice. Therefore, no, this funding (listed below) has not been processed and added as an amendment to the Fish and Wildlife IA.

I suggest Tony, Ben, or Tongee call David Charters and advise him of this and ask the status of the initiation of the Decision Memo.

Thank you,
Kathy Gibson

Ben,

What funding action are you referring to? How much?

This isn't helpful at all, and if the individual is looking for travel monies to support you, when was this request submitted and to whom?

Ben,

I'm scheduled to be in DC next week and will be meeting with Holly. Has there been anymore discussion or action on the proposed funding of my support to R6 Superfund? I know Holly will want to discuss workload management and I'll need to know if I should factor in support of the 3 EPA projects (Tar Creek, Delta Shipyards and Wilcox Oil).

Thank you,

Barry
